ROOF

CONCRETE ROOF

COLOUR PERFORMANCE

The benefit of Concrete tiles is its colour longevity and flexibility. Concrete roof tiles come in the widest range of colours and profiles and you have the ability to update the look of your roof with a simple re-coat. You also have a choice of Colour Technologies to retain the look, beauty and re-sale value of your home:

- Monier C-LOC™ Colour Lock Technology retains its colour for even longer and is less resistant to gloss fade. C-LOC™ has 8 x better colour performance than standard COLORBOND® Steel.
- Colour Through Technology - Colour Through
